

610 courses require it.

220 just prefer it. Do you know which yours is?

↓ swipe

610 UK courses REQUIRE Further Maths. Your child cannot apply without it.

**220 courses PREFER it. Helpful but not essential.
You can still apply and get in without FM.**

**Example: Imperial Maths = FM REQUIRED. Leeds
CS = FM NOT NEEDED.**

**Most CS courses don't require FM. But
Cambridge says 'very highly recommended'.
Oxford says 'recommended'.**

Check your target courses BEFORE committing to FM. Don't assume.

Full FM data in my Maths cheat sheet.
