

One test. Four of the UK's top universities.

If your child is applying for Engineering or Science, they need to know about the ESAT.

↓ swipe

ESAT

Engineering and Science Admissions Test

Used by **Cambridge, Imperial, UCL**, and now **Oxford** for some courses.

↑ *all from one sitting*

the format: 5 modules

Module 1: Maths 1

Compulsory for all candidates.

40 minutes

Modules 2 & 3: Your Choice

Pick 2 from: Physics, Chemistry, Biology, or Maths 2.

40 minutes each

Total: 3 modules, 120 minutes

Which modules you need depends on your course.

three modules, sat back to back

which courses?

Cambridge

- Engineering
- Natural Sciences
- Chemical Engineering
- Veterinary Medicine

Imperial

- All Engineering courses
- Some Science courses

← check their site for full list

new for 2027 entry...

Oxford now uses ESAT too.

- Physics
- Engineering Science
- Biomedical Sciences
- Physics & Philosophy

Replacing the **PAT**.

↑ the PAT is gone

one sitting. results sent to all relevant unis.
